

Condensation, mould, mildew, musty smells or damp problems in your boat?

We have the solution to avoid all these problems!
THE SOLAR BOAT FAN!

⇒ **The Solar Boat Fan** is designed for preventing condensation, mould, mildew, musty smells, dampness... in your boat!

⇒ **The Solar Boat Fan** is elegantly designed to prevent water entering the boat through the fan, which will only happen if the fan is completely submerged.

⇒ To ensure performance 24/7, **The Solar Boat Fan** is equipped with a rechargeable battery.

⇒ **The Solar Boat Fan** is also whisper quiet.

**No wiring, no plugs, no noise,
no running cost, eco friendly ...
That's the product you need !!**

**Global Eco & Environmental
Solutions**
